## SCIENTISTS WILL MEET IN ATLANTA DEC. 29

Arrangements Will Be Made To-day to Care for Association for Advancement of Science.

One of the most brilliant assemblages of men ever brought together in Atlanta will convene here on December 29, and remain in the city until January 1, of next year, attending the convention of the American Association for the Advancement of Science. It is expected that fully 3,000 doctors, medical teachers, well-known experts in all lines of research and leading along advanced lines of thought in the scientific world will attend the meetings.

This city was chosen for the convention at the last gathering of the body at Cleveland, Ohio.

For the purpose of properly caring for the important gathering, a meeting will be held today at the University club for the purpose of appointing a committee for general purposes.

These committees will be named by the executive committee, headed by Professor M. L. Brittan, superintendent of Georgia schools.

The convention will bring to this city many learned men, and the variety of the entire country. The executive committee of the association is being aided in taking care of the delegates by the chamber of commerce of the Atlanta Chamber of Commerce.

**GOVERNOR JOHN SLATON ATTENDS COUNTY FAIRS**

Governor Slaton has engagements to attend three county fairs this week where he will inspect the exhibits and make short speeches to the crowds which will assemble to hear him.

### Distinguished Visitor.

Dr. Lillian Johnson, of Memphis, Tenn., is the guest of Mr. and Mrs. William Whitman at 1345-a West. Dr. Johnson is one of the leading professional

DR. LILLIAN WYCKOFF JOHNSON, PH.D. of Memphis, Tenn.

women in the south and was one of the organizers of the National College Women's association.

She was a member of the commission sent by the United States government last spring to investigate the rural conditions of the Old World, and recently was among the noted women who attended the Southern Commercial

association.

Dr. Johnson will be in the city until Monday, when she will leave for her home in Memphis.

## YOUNG BOYS RELEASED ON CHARGE OF MURDER

Proved in Macon Court That Shooting Was in Self-Defense.

Macon, Ga., November 3.—(Special.) Harry Wooten and Henry Aaron Brown, two young boys from Jackson, who were arrested last night by the police in connection with the shooting to death of Thomas D. Smith, a young man from Jackson, were released today at the corner's request, when it was brought out that the two boys had been enticed to the foot of Turpin street by Smith and another man, Grady West, for the purpose of robbing them.

The shooting occurred about 11 o'clock Sunday night. Wooten and Brown were arrested on a charge of murder. They both told the same story, that the first Wooten claimed that he had only shot in self-defense when Smith had him down on the ground beating him over the head with a pair of

blades. Grady West, the fourth man in the affair, was not arrested until this morning, when he testified at the corner's request. It is held on the charge of attempting highway robbery.

Smith died at the Macon hospital this morning at 2 o'clock. He was shot three times, once through the leg and twice through the abdomen. He leaves a wife and two children. His mother's name is Fable and Smith was sometimes called by her name.

**Ward Succeeds Exum.**

Hiram, Ala., November 3.—George H. Ward, the first city commissioner of Birmingham since the city people today took the oath of office, succeeding Exum as president of the commission.

Ward was elected to the office of city commissioner at the election held last night.

## DRUBBING SEEMS LIKELY FOR TAMMANY TIGER

Continued From Page One.

Waldo said he had been informed of the threats by gangsters by Mayor Kline and former Governor Sulzer, who is the progressive candidate for the state assembly in the sixth district. In addition to the police, warrants were issued for the arrest of 3,000 persons and will be served as they appear at the polls. The warrants charge illegal registration.

**Grant Charges Overhaul All.** Economy and lower taxes, described early in the campaign by Edward E. McCall, Tammany's majority candidate, as the issues before the voters, disappeared as campaign topics with the advent of Sulzer and his machine. Grant investigation, John A. Hennessy, of the political scene. Their attacks on Charles F. Murphy and McCall as his candidate were taken up by the fusion municipal nominees and from the fusion viewpoint, Tammany and alleged graft became the issue. Sulzer's removal overhauled all due campaign importance. McCall being assassinated as a result of the fusion and Sulzer in the events that led up to the inauguration trial.

The people are ready to administer a strapping to Charles F. Murphy, who said he had been informed that Tammany leaders were plotting to overthrow him. He said he was not a candidate for the city of New York, but was going to resign. He said he was not a candidate for the city of New York, but was going to resign. He said he was not a candidate for the city of New York, but was going to resign.

Mr. McCall said tonight he was confident that New York is going to reject the use of campaign methods of his opponents. I am confident that a majority of the voters will judge me on my record as a citizen and public official.

The fusion ticket is being backed by regulars, anti-Tammany democrats, progressives and a number of independent political organizations. The independence league has endorsed McCall for mayor, Charles S. Whitman, the fusion and democratic nominees for district attorney, but has its own candidates for comptroller and president of the board of aldermen. It also endorsed several Tammany judicial nominees.

The many charges of Sulzer and Hennessy are under investigation by District Attorney Whitman. A new check was made against McCall today by the fusion managers. It was that the democratic candidate, Sulzer, drew his check for \$25,000 to Cornelius N. Sullivan, treasurer of the republican national committee in 1909, as a campaign contribution to help defeat the candidacy of William Jennings Bryan.

Sulzer drew his check for \$25,000 to Cornelius N. Sullivan, treasurer of the republican national committee in 1909, as a campaign contribution to help defeat the candidacy of William Jennings Bryan.

If you don't feel "up to the mark," if you lack vim and vigor, try drinking a really fine mineral water.

Standing alone in its class, the high regard in which **WHITE ROCK WATER** is held by the doctors of today is attested by its enormous sale.

## AUTOLOADING SHOTGUNS

ANY way you look at it, the Autoloader is the highest development in modern shotgun design.

It puts five loads at your disposal by merely pressing the trigger. It puts the recoil to useful work—to eject the empty and slip in the fresh shell.

It saves the gunner's shoulder—rids his sport of annoyances—increases his shooting average.

Your danger is that in your enthusiasm over the autoloading principle, you may forget to insist on getting the finest embodiment of that principle—the Remington Autoloading Shotgun.

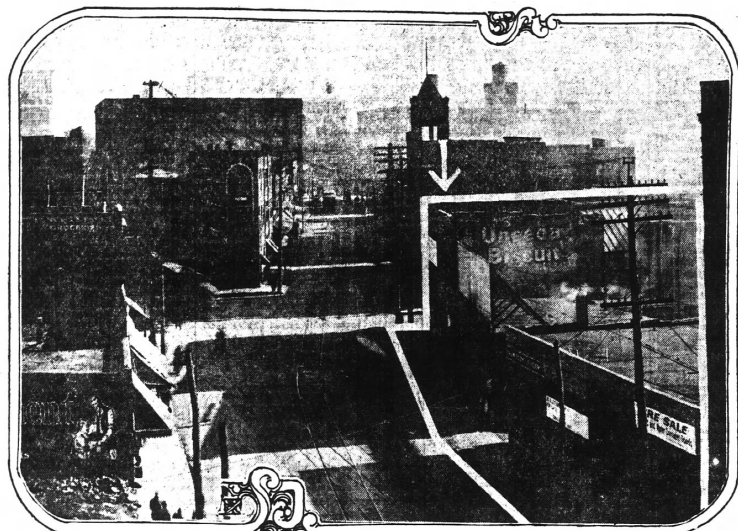

The peculiar advantages of the Remington are made plain in the accompanying illustration. One of the Remington dealers in this section is **OUR REMINGTON TRUST** to you on the gun itself.

# Old W. A. Hemphill Property to Be Sold at Auction Before Court House Door Today, November 4th, at 10 O'Clock

View showing location of Five Points property to be sold this morning.

In the November number of the World's Work such men as George M. Reynolds, president of the Continental & Commercial National Bank, Chicago; W. W. Finley, president Southern Railway; Henry Wallace, Editor of Wallace's Farmer, and E. C. Simmons, chairman of the Board of Directors of the Simmons Hardware Company, have said much in regard to the present condition of crop output, its money value and what the citizenship of the United States may expect in the next twelve months concerning business conditions. Each of these men is in touch very closely and in a very substantial way with the sections they represent. In the lead of this article the World's Work Editor has summed up the situation from the interviews of each of these men in the following words: "Times are normal, we have no 'boom' and no depression. It is a good time for the sane conduct of business and a cheerful attitude toward life."

Mr. George M. Reynolds says: "Every man of affairs gives much thought to the crops. Never before had we produced more than three billion bushels of corn, nor more than one billion two hundred million bushels of oats, and only three times in the past had the wheat yield exceeded seven hundred and thirty million bushels, and then by small margins, and in 1912 cotton was well beyond the average crop production." This he says of 1912. In the principal crops this year, 1913, the promise of two billion three hundred and fifty million bushels of corn, one billion sixty-six million bushels of oats and twelve million five hundred thousand bales of cotton is really only scant as to corn, and the record-breaking returns of that cereal in 1912 assured a generous carry-over. Wheat is establishing a new high point, seven hundred and fifty-four million bushels, and as this cereal and cotton make up the great total of exports of farm products, our trade balance will be materially enhanced by the money value of wheat and cotton sold abroad.

|                | Cash price,<br>Sept. 16, 1912. | Cash price,<br>Sept. 16, 1913. |
|----------------|--------------------------------|--------------------------------|
| Corn           | 72 1/2 per bu.                 | 77 1/2 per bu.                 |
| Wheat          | 1.03 1/2 per bu.               | 1.14 per bu.                   |
| Hard No. 2     | 81 1/2 per bu.                 | 87 1/2 per bu.                 |
| Soft White     | 74 1/2 per bu.                 | 79 1/2 per bu.                 |
| Midling Upland | 11 1/2 per pound.              | 12 1/2 per pound.              |

Inasmuch as the best information available indicates that the aggregate of all crops will not be far below the average, the satisfactory prices now prevailing point to a continuation of the purchasing power in all the rural districts, except those where losses have been the most severe. He finishes by saying the normal requirement of upward of ninety millions of our own people, coupled with what we can command of the trade of the world, ought to prevent acute pessimism.

President W. W. Finley says: "Business conditions are favorable. The southeastern farmer is thus in a fortunate position of having products to sell at a time when he may expect to realize good prices. Therefore, expect that the consequent enlargement of the purchasing power of the farmer will benefit all lines of business in this section. Southeastern manufacturing establishments are generally working on full time and enjoying a good demand for their products. But the economic strength of the southeastern section as an agricultural and manufacturing region, producing its own raw material and fuel for power, is so great that, there is no reason to expect any setback in business." He says, "I see no reason to apprehend any depression at this time."

Mr. Henry Wallace, in his article, sums the entire subject up in these few words: "Fundamentally our business is on a sound basis with no symptoms of a panic and tendency to conservatism both in production and consumption. Business has been anticipating reductions in the tariff, and has been going slow, which is both the wisest and safest method when we are peering through a fog, whether on land or on sea. It may be that the anticipated jar will not be felt much except in sections which had excessive protection."

Mr. E. C. Simmons, Chairman Board of Directors Simmons Hardware Company, St. Louis, Mo.: "I do not believe that the public, speaking generally, realize how favorable business conditions are. When you sum them up carefully, there are excellent reasons for my outlook. Crops are about normal, with increased prices and a greater money value than other years."—World's Work.

President W. W. Finley, President Southern Railway: "The indications at this time point to favorable business conditions in the southeast. The southeastern farmer is in the fortunate position of having products to sell when prices are good."—World's Work.

Henry Wallace, Editor Wallace's Farmer, in speaking of the business conditions of the United States, says: "Fundamentally, our business is on a sound basis."—World's Work.

Mr. George M. Reynolds, President Continental and Commercial National Bank, Chicago, Ill.: "A normal year ahead."—World's Work.

Edwin P. Ansley, who has just completed a two weeks' trip over Georgia and Alabama and the south, says: "Collections are great, crops are great, and prices are all one could expect. A Greater South, a Greater Atlanta and the citizen whose business does not permit him to at once see these things can expect another year of tremendous growth for our city and prosperity of the substantial type."

Mr. E. C. Simmons, whose firm for years has had a crop and financial reporting system throughout the entire country through which this firm operates, extending from the Great Lakes to the Pacific, and south through the entire section to the Gulf, both west and east, has probably the most sensitive cognizance of the business and financial condition of any commercial concern in the entire United States. He says: "I do not believe that the public—speaking generally—realize how favorable business conditions are. When you come to sum them up carefully, though there is no cause to believe we will have any boom in business during the next six months, there are many excellent reasons for confidence in the outlook. Since the panic of 1907 great unusual conservatism has been shown in the buying of general merchandise. The merchant has been compelled to buy thoughtfully and carefully and in small quantities. My judgment is that the majority of the retail merchants, during the past six years, have not bought more goods than they felt confident of selling within three or four months. The manufacturers have been more active in collecting, the merchant has, therefore, become a prompt collector, improving business conditions wonderfully. This proves that the merchant's stocks on the shelves is light, consequently his obligations light, which indicates that business is in a healthy condition. As the basis of our prosperity comes from the soil and from its products, there seems to be no reason to doubt that there will be a good business—or perhaps I might say a large volume of business—at fairly good prices. Therefore, if my judgment is correct, the two principal crops of this country, corn and cotton, are such that there is no reason for anxiety or uneasiness. And in considering the corn crop, this additional fact should not be overlooked: States that grow corn for consumption, but not for shipment, I mean such states as Wisconsin, Indiana, Ohio, Mississippi, Louisiana, etc., have larger and better corn crops than they have ever had before; and corn is so high now that it makes a far greater value than previously."

## BUY MARIETTA STREET PROPERTY

Marietta street property will enhance more in the next five years than any business property in Atlanta. It is now a wide, splendidly paved street, leading from one of the best sections around Atlanta to guarantee enhancement, and prices on the street have not yet been affected by the wonderful improvements on the street. Go out and see for yourself. Get in while values are low on a splendid street and reap the rich harvest which is sure to come.

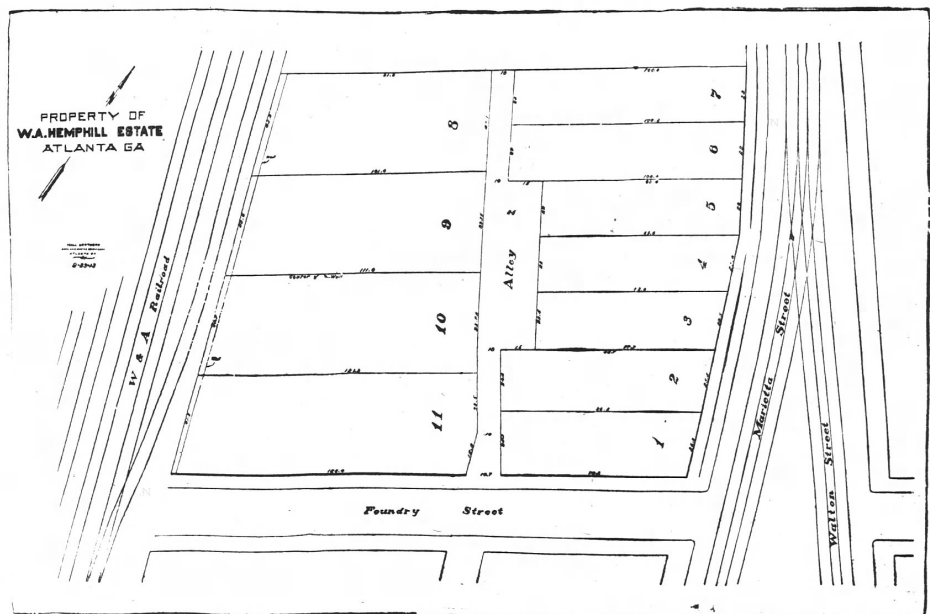

## MR. RETAIL MERCHANT DO YOU WANT A CLOSE-IN WAREHOUSE?

In which to store goods you can save money on buying in carload lots? If so, examine the Hemphill property, corner Foundry street and W. & A. R. R., to be sold Tuesday, November 4, before the courteous door.

## RETAILER AND WHOLESALE

If you want a retail and wholesale store combined, buy one of the Marietta street stores as well as one of the warehouse.

A fine pavement.  
Tremendous development beyond.  
Millions invested in all directions.  
Railroads.  
Three car lines---Marietta, Walton St. and Interurban.  
Five Approaches: by way of Luckie, Marietta, Walton, Foundry and Tabernacle Place.  
A business center for 40 years.  
Warehouse or retail property.  
At the heart of business.  
Buildings on all lots.  
Income assured from the minute you buy it.

Plat of Hemphill property at Five Points.

Mr. W. E. Chapin has returned from Philadelphia. His sister, Miss Elvira Chapin, of Richmond, is his guest at the Georgian Terrace.

Miss Margaret Asford and Dr. Arthur Stuart Flowers, whose wedding will be an event of Saturday evening.

## GREAT CHANGE IN TWENTY YEARS

Shaw Lady Looks Younger Instead of Older With Lapse of Time

Shaw, Miss—Mrs. V. N. Smith, of this city, makes an interesting statement of her experiences as follows: "Twenty-nine years ago I contracted a serious form of urinary trouble. We called upon family physicians, and he treated me for it, but it seemed to do no good. It went on into other bad troubles, and I commenced taking all kinds of medicines, but I could get no relief, but to no avail.

I suffered with that trouble in until eleven years ago when I read about Cardui, the woman's tonic and bought a full treatment. It relieved me at once, and after taking the full treatment, I am now well and stout. I sent my husband when I had not seen in twenty years, one of my photographs, but he was not the I looked younger than when he last saw me. For more than 25 years, Cardui has been relieving women's differences, and building weak women up to health and strength. No woman today gives the same results as Cardui. No other woman's medicine has the long record of success in treating cases of womanly weakness and disease. Cardui will surely help you. Try it.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for special instructions, and 64-page book "Time Treatment for Women," sent in plain wrapper, on request.

## Carlton Shoes for Women

When we advertised Ostermoors, we knew we were offering the best in the whole world—They are not "felted" or "cotton felted," but made of many layers of pure felt. Absolutely sanitary.

If you want 45-lb. felted or cotton felted mattresses, we have them for \$7.50. You can save \$1 on even the low price others would mark them.

**But you buy the OSTERMOORS for \$13.65 to last a lifetime**

J. M. HIGH CO.

**Keeps complexions clear and healthy**

WHEN you wash your face do you realize that it is not sooth to remove the dirt—that your skin needs a soothing, healing influence to keep your complexion fresh and free from blemish?

Ordinary toilet soaps do not assert this influence. Many of them contain free alkali which tends to dry the skin and destroy its delicate texture. Even the best of such soaps can only clean, they cannot heal and protect the skin. Resinol Soap, besides being an absolutely pure toilet soap, contains the same soothing, healing, antiseptic balsams as Resinol Ointment, the value of which in the treatment of skin affections is known throughout the medical profession.

That is why Resinol Soap does for the skin what cosmetics are supposed to do—it insures not only a clean skin, but a healthy skin, and a fair, clear complexion.

Resinol Soap and Resinol Ointment are sold by all druggists. For free trial, write to Dept. 28-4, Resinol, Baltimore, Md.

## Yellow Jackets Start Hard Week's Work for Auburnites; Long Scrimmage Due Today

The Tech Yellow Jackets are none the worse for wear for the Sewanee game, with the exception of Alexander, the sub tackle, who injured his shoulder in the second quarter and was forced to leave the game.

The game was a hard fought one, with the Tech players showing great courage and endurance. The game was a hard fought one, with the Tech players showing great courage and endurance.

The victory over Sewanee has completed just what the Tech supporters wanted. It has been a long time since the team has won a game so easily. The team has been in a losing streak for some time, and this victory has given them a much needed boost.

## TECH-SEWANEE SCORE SURPRISES GEORGIA

Red and Black Eleven Maps Out Hard Practice Campaign for the Tech Battle.

Athens, Ga., November 3.—(Special.) The remarkable and rather unexpected victory of Tech over Sewanee in the football game yesterday afternoon surprised the Georgia fans. The game was a hard fought one, with the Tech players showing great courage and endurance.

The victory over Sewanee has completed just what the Tech supporters wanted. It has been a long time since the team has won a game so easily. The team has been in a losing streak for some time, and this victory has given them a much needed boost.

## MRS. FRIERSON CHARGES VICE SQUAD PERSECUTES

Mrs. T. R. Frierion, who has figured several times in sensational news in this city, will come up for trial this morning in the criminal court of Atlanta on a charge originally placed against her by the Atlanta police force.

Mrs. Frierion, who insists she is not connected to a member of one of the best known families in the city, will bitterly contest the case, it is reported, claiming that she is the victim of police persecution.

## Winchester

When it comes to buying a shotgun, no sportsman who selects a Winchester repeater will make a mistake. While comparatively low-priced, Winchester shotguns are carefully made of the best of material.

In shooting and lasting qualities, they are not surpassed, even by the high-priced foreign guns. The Grand American Handicap at flying targets, the greatest of all wing shooting contests, was won this year by a Winchester repeating shotgun. Pitted against it were guns costing from ten to twenty times as much, but none of them outshot the low-priced Winchester. Winchester repeaters are in three different models and in 10, 12, 16 and 20 gauges. Look one over at your dealer's. They are

## Bulwark in Tech's Offense

It was better than Tech cheering has been in a long time. A long, hard game, with practice in attacking and defense, and the throwing of the latter and kicking of all kinds was the program mapped out. The team will be put through a series of scrimmages and again on Wednesday and Thursday. The players will be driven to their limit in getting ready for the tough Auburn game.

Cripples May Return. Twelve players, the 280-pound lineman, will probably not be in the lineup today, and will be in line again for the Auburn game. A head case of the Auburn game, had him out of the game for some time, but he is now back. The team will be put through a series of scrimmages and again on Wednesday and Thursday. The players will be driven to their limit in getting ready for the tough Auburn game.

JIM PREAS. The Jackets' big lineman, who, playing his first college football game as a tackle against the Sewanee Tigers Sunday, found himself, he played the class of football that his friends claim he would play, and his acquisition to the Jackets line bolsters that department of play wonderfully, and, with Naves, gives the Jackets a pair of giant tackles that are going to make the Auburn backs worry some before the game is ended. Preas played like a demon Sunday, leading all the interference. Auburn is going to have a hard job on her hands with this same interference.

The preliminary round in the Sewanee-Tech football game of last Saturday has been completed. How do the Jackets stand? They are in a good position. The game was a hard fought one, with the Tech players showing great courage and endurance.

## American League Fielding Faster Last Year Than 1912

That the fielding in the American league was faster in 1913 than in 1912 is evidenced by the fact that the league made 44 more double plays in 1913 than in 1912. The league made 44 more double plays in 1913 than in 1912. The league made 44 more double plays in 1913 than in 1912.

The team that showed the greatest improvement in fielding was the Boston Red Sox. They made 12 more double plays in 1913 than in 1912. The team that showed the greatest improvement in fielding was the Boston Red Sox. They made 12 more double plays in 1913 than in 1912.

The team that showed the greatest improvement in fielding was the Boston Red Sox. They made 12 more double plays in 1913 than in 1912. The team that showed the greatest improvement in fielding was the Boston Red Sox. They made 12 more double plays in 1913 than in 1912.

## RIVERSIDE ELEVEN IS HITTING STRIDE

Cripples Have Nearly Recovered—Georgia Freshmen Will Be Played This Thursday.

The Riverside Military academy, which has been in the news for some time, is now in a good position. The team has been in a losing streak for some time, and this victory has given them a much needed boost.

## Twenty-Three Cars Off on Long Grind

Los Angeles, Cal., November 3.—Twenty-three motor cars stripped of fast works were sent away early today in the sixth annual Los Angeles-Tucson automobile race.

The racers expect to reach the Pinalillo mountains in about a week. The race is expected to be a hard fought one, with the racers showing great courage and endurance.

## LIPTON BUILDING HIS NEW SHAMROCK

Guest, England, November 3.—The work of construction of the yacht which will be used by the Lipton team in the upcoming race, is now in progress. The yacht is expected to be a hard fought one, with the team showing great courage and endurance.

The yacht is expected to be a hard fought one, with the team showing great courage and endurance. The yacht is expected to be a hard fought one, with the team showing great courage and endurance.

## SWAINSBORO WOMAN NEAR DEATH'S DOOR

Swainsboro, Ga., November 3.—(Special.)—Mrs. L. R. Kennedy, who, it is alleged, was brutally beaten and afterwards shot by her husband, is now, it is reported, in a very bad way, and is near death's door.

## To Mandamus County Board.

American, Ga., November 3.—(Special.)—The majority element of the board of county commissioners of Sumter, by a narrow majority of one vote, refused today to order the county roads department to be employed in working certain of the county roads leading into the city of Americus, the vote resulting three against two favoring the proposition. The opponents of the measure are residents of the county districts and strenuously opposed the employment of the chairman of the roads of Americus, notwithstanding the work of the streets of other towns in Sumter.

## PREAS BARRED AGAIN, SO GOES THE RUMOR

But the Tech Authorities Have Heard Nothing of It, and Do Not Expect To.

Athens, Ga., November 3.—(Special.)—A report was in circulation here Sunday that Jim Preas, who played on the Tech team last season, would be barred from the game Saturday, would be barred from the game Saturday, would be barred from the game Saturday.

When asked about this rumor last night, Athletic Director Randall of Tech said: "I have heard nothing of it, and do not expect to hear anything. The executive committee of the South-eastern Intercollegiate Athletic Association have not acted on the first case or rendered their decision. We have submitted our side and are awaiting a verdict."

## The Healey Building, Atlanta's Newest and Largest Business Edifice, to Use Central Station Electric Current for Lights and Power

W. T. DOWNING,  
MORGAN & DILLON, Architects.

### THE HEALEY BUILDING Corner Walton and Forsyth Streets

The installation of **CENTRAL STATION ELECTRIC SERVICE** in the Healey Building, that magnificent new business edifice now nearing completion at the corner of Walton and Forsyth streets, is still another unquestionable proof of the **ECONOMY** and the **EFFICIENCY** of this method of furnishing light and power for business enterprises.

The president of the Healey Real Estate and Improvement Company, Mr. W. T. Healey, together with the architects of the building, Messrs. Morgan and Dillon, and W. T. Downing, carefully considered every other method of obtaining light and power for the big structure before they decided upon **CENTRAL STATION ELECTRIC SERVICE** of the Georgia Railway & Power Company. They compared the estimates made by those who were desirous of installing a private plant in the building with the estimates furnished on the service by this company, and they did not hesitate in giving their decision in favor of our service. In this decision they were influenced by no other reasons than the **ECONOMY** and the **EFFICIENCY** of this service as compared with other methods.

**THE PRICES NAMED IN THE CONTRACT FOR THIS SERVICE ARE THE STANDARD PRICES WHICH ANY OTHER ENTERPRISE OF THIS CHARACTER AND SIZE MAY OBTAIN.**

**THE CLAIM OF THIS COMPANY, THAT ITS SERVICE FOR LIGHT AND POWER IS THE MOST ECONOMICAL AND THE MOST EFFICIENT OBTAINABLE IN THIS TERRITORY, HAS NOT BEEN AND CANNOT BE SUCCESSFULLY CONTROVERTED. IT IS THE BEST SERVICE OBTAINABLE FOR ANY ENTERPRISE NEEDING LIGHT AND POWER, WHETHER LARGE OR SMALL.**

CRITICISE REPORTS  
SENT TO ATLANTA

Savannah, Ga., November 3.—(Special.)—The Savannah Ministers Association decided today to censure the reports of the ministers who had been sent to Atlanta to carry the fight on, despite the great loss of time and money.

Reports had reached Atlanta that they had decided to abandon the crusade. The worst element of Atlanta has been with activity upon the reports of the ministers. The ministers who were sent to Atlanta to carry the fight on, despite the great loss of time and money.

D. O. SMITH TO REPORT  
JUDGE HILL'S COURT

D. O. Smith, who for twenty-five years has been connected with the Georgia courts in various capacities, assumed on yesterday the position of official reporter of Judge B. H. Hill's court. His family with him, he is expected to be the choice of a very happy one. During the past year Mr. Smith has been the official reporter of Judge Hill's court.

RETURNED TO WAYCROSS  
ONLY TO BE JAILED

Waycross, Ga., November 3.—(Special.)—John D. Smith, who was released in February on his promise to leave Waycross and return to his home in Georgia, was today taken to jail on a charge of having been in the city for the purpose of carrying on his lawless activities in the city.

## Injured in Football Game.

Halifax, N. C., November 3.—Robert Hall was seriously injured today in a school football game. His right arm was broken and left thigh dislocated.

WOODWARD ATTACKS  
FIRE ALARM SYSTEM

Mayor James G. Woodward took an attack on the new \$100,000 fire alarm system at a meeting of the finance committee yesterday.

He said that the telephone and fire alarm system was a costly and inefficient system. He said that the system was a costly and inefficient system. He said that the system was a costly and inefficient system.
